

Don't Grow Up! Adulthood is a Bitch!

Childhood, I miss it. Everyday seemed to be easier. I wish I was still there. Now it feels like I'm stuck in a loop. Always struggling to pay bills and worried I'll never have enough. Maybe one day I won't be struggling anymore.

*Maybe I need some rehab, or maybe just need some sleep I've got a sick obsession,
I'm seeing it in my dreams I'm Looking down every alley,
I'm making those desperate calls*

I hate everything. The world is awful. I don't want to be here anymore. It feels like everything is against me, and that nothing will ever get better. Why can't I go back to the 2010s when music made me feel carefree. I want that feeling back. GOD I HATE EVERYTHING HERE!

*Here we go, come with me
There's a world out there that we should see
Take my hand, close your eyes
With you right here I'm a rocketeer*

First my car broke down, my mom said it was my fault. I don't know what to do! FUCK! My cat is in the car, it's hot as hell and God what did I do wrong to deserve this.

*Singing Radiohead at the top of our lungs
With the boom box blaring as we're falling in love
I got a bottle of whatever, but its getting us drunk
Singing "Here's to never growing up"*

Okay, I need to buy a new car but I have no idea how I'm going to do that I have to figure it out myself. I am not asking anyone else for help. They will only let me down. I am all alone. I miss being a kid. I didn't have to worry about anything except homework. God life was so simple.

*The sun goes down, the stars come out,
And all the counts is here and now
My universe will never be the same
I'm glad you came*

I miss the early 2010s music. It's my only escape from this shitting life. That music is the only thing that makes me happy anymore. I mean my cat doesn't even want to be around me half the time.

*I wanna take you away
Let's escape into the music, DJ,
Let it play*

Okay, maybe the world isn't so bad (big maybe there). I finally met someone that I can trust to always be there for me and he is amazing. With his help, I was able to move out and get a car that's entirely my own.

You think I'm pretty without any makeup on

*You think I'm funny when I tell the punch line wrong
I know you get me, so I let my walls come down.*

Alright I was wrong. The world is alright I guess but I'm hoping that soon I will view it differently. I asked an old friend for some advice on starting to read the Bible. I saw it changed her. I want to change. I want to see the world like I did back in the 2010s.

*All these shooting stars in the dark, make a wish
Takin' off from the ground, it's amazin'
So outta this world, I'm in space
Now I'm going up, heading to the stars
Wouldn't trade it out for another life*

My wish came true. I'm happy and I don't need those old songs anymore to make myself feel it either.

Goodnight, Don't Forget to Lock the Door

This is something every kid fears. But what happens if they never grow out of it?
Even in their 20s they won't go outside late at night by themselves.
They will hate to drive on the dark never ending back roads.
To them it smells like a fall night, wet from the fresh storm that just rolled through.
They will hear every little movement outside their window while they struggle to sleep.
They will hear the squirrel running against the tree branches or the wind blowing the tree branch into the window.
Thinking of how something or someone is hiding waiting to get inside.
They will start to think they could see someone outside the window.
It seems that whatever is outside the window is looking back at them. They can see the whites of this thing's eyes, his bread looks scratchy and unkempt. But maybe their imagination is really vivid.
But their heartbeat will become so loud.

Bum Bum Bum

There's someone at the door.
But its locked they can't get in... Wait is the door locked? Oh no it just opened.
They're coming up the stairs. I can hear each and every creak of the stair. God, they are moving so slowly.
Is he coming to kill me?
Omg he's here. I can see him in the hallway. He's about to open my bedroom door. I am going to die.
I can see his hand reaching out to get me. OMG his knife is glowing in the moon light. Its shining like it
there's a moon in my room.

BUM BUM BUM

I don't want to die I have so much more I want to do.

BUMBUMBUMBUM

Why is my heart so loud. Can he hear it? OH GOD I HOPE HE CANT HEAR IT!
HES GETTING CLOSER THE KNIFE IS COMING NEAR ME!

[illegible]

I open my eyes and I see the sun light leaking through the window.

I must have blacked out thinking about the darkness.

I need to get over this damn fear or I might give myself a heart attack.

I always say that I am a good worker but honestly, I hate working. People suck and I never get paid enough for the work I have to do.

Every weekend I want to quit. While it works great around my school schedule the manager is extremely two faced and only looks out for himself.

Bookseller, Books- A- Million
November 2021- March 2022

Was a great job for what books were coming out but the managers were constantly pushing the member card and selling the magazines. Learned that even with an active shooter in the mall they don't care about our safety.
